

Seven Peaks (VII Peaks) Kennel

Health Guarantee

Seven Peaks Kennel takes pride in the health and quality of your new puppy. It is now your responsibility to continue his/her health care.

All our Border Collie Dogs are ABCA Registered. Registration Certificates will be mailed to new puppy/dog owners as soon as litter is registered. All puppies are registered, at one time, when all the puppies are sold. These are new requirements thru American Border Collie Association.

You are required to take your new puppy to a veterinarian within 48 hours of purchase. If this requirement is not met, you forfeit all rights within this guarantee.

If your vet finds the puppy to have a "life threatening" illness, you must return the puppy within 48 hours, with your vet's dated statement of condition. We will exchange the puppy for another one of equal value, as soon as one is available. No cash refunds are implied. Any "life threatening" genetic illness is covered for up to one year from date of birth. No replacement puppy will be given if the puppy is euthanized without our permission, or in the case of abuse, neglect or accident. Parasites, (internal or external), hernia's, auto-immune disorders caused by environmental factors, (some lawn/household chemicals can cause seizures in puppies/dogs), are not covered by this guarantee.

Under no circumstance are we responsible for any cost of this puppy after it leaves our property. Transportation (at any time) is the buyer's responsibility. There are no cash refunds

We do not guarantee any puppy as a breeder or show dog.

By signing this guarantee the buyer waives all rights to file any legal claim against us.

I have read & agree to above terms:

Name/phone _____

Address _____

We do ship for an additional charge of \$250.00- \$300.00, depending on airlines.
